Notice: Deliveries of orders for Program related materials within Canada are *usually* within 5-10 business days. Please take this delivery time into consideration when you are scheduling your clients. We encourage providers to have on hand an extra copy of the materials in order to avoid delays in Program implementation as we do not provide a "rush" order service. Please note that there are **no exchanges or refunds** on materials, so please ensure you are ordering the correct materials for the Program you are offering (PGAP or PDP). English materials must be ordered on the English Forms and French materials on the French Forms. Orders with incorrect totals will be returned to sender as we cannot authorize amounts different than the signed for totals. Confirmations to change totals cannot be accepted by telephone. Treatment Manuals are only available with registration and attendance at our workshops. Further, materials may be ordered by anyone for information purposes, however, are insufficient to deliver the standardized intervention in a clinically responsible fashion. Thank you for your understanding.
